14) 2 From the advance ledgers it is seen that a sum of Rs.1,50,000 sanctioned as an advance to the City Improvement Trust Board, Mysore, for the formation of a straight road from the Elgin Fountain to the District Offices in G O No L 3473-61 M1 12-45-7 dated 2-11-45, subject to the recoupment in due course out of

out of the sale proceeds of shop sites, was drawn on 29-6-46. Hitherto nothing has been paid towards this advance.

3. A second advance of Rs.1,63,464/- has been sanctioned by Government in their Order No.L.8544-7/M1 24-46-39 dated 9-12-46 to meet the acquisition charges for the 1st and 2nd stage of the formation of the road referred to in para 2 above. It is likely to be paid during the next month, since a requisition for payment of this advance, received once from the Chairman, has been returned with an objection.

4. As regards the financial position, it may be stated that the Board had an opening balance of Rs.3,55,642/- on 30-6-46 as per details below. Anticipated receipts and expenditure during 1946-47 amount to Rs.15,70,656 and Rs.15,65,500/- respectively (Vide G.O.No.L 5086-90/M1 37-46-2 dated 24-10-46).

1) It may be seen from the Comptroller(s report that there is already sufficient advance outstanding It is not clear what amount has been actually spent out of the 1st advance of Rs 1 50 lakhs drawn on 29-6-1946 The second advance of Rs 1,63,464 is likely to be paid to the Trust Board next month and it is unlikely that this entire advance would be spent before the close of the year The amount of Rs 25,000 now required may as well be met out of the above advance and no useful purpose would be served by increasing the advances without satisfying that the previous advances have been actually spent on works for which they were intended and that their

19) It is therefore clear that no amount from out of the above advance of Rs 3,13,464 is available to meet the expenditure on the works, i.e. realigning the road in front of Motilal Talkies A fresh advance has to be sanctioned for the purpose, to be recouped eventually by the sale of Shop sites

U O. Memo No 2280 Dated 6 1 48

46) Returned with compliments

2 It is seen from the report accompanying the estimate that the work was contemplated in November 1946 As the rates sanctioned in April 1947 had been provided for in the estimate they were corrected to rates that were in force in November 46 If the work was started in November 1946, there is no justification to pay higher rates sanctioned in April 1947 The estimate was therefore scrutinised on the basis of the schedule in force during 1945-46 and 1946-47 and recommended for sanction

47) 3 It is also not clear why a work costing Rs 28,000/- and od was executed without competent sanction or even approval to take up the work in anticipation At least tenders or quotations could have been called for for fixing up rates before taking up work or distributing work among piece-workers

48) 4 This is not a solitary case, but there are quite a number of instances where work costing tens of thousands were executed in the City Improvement Trust Board, Mysore and it is suggested that explanation of Officers concerned for non-observance of the usual rules required for of execution of work might be called for before Government sanction this estima

The chairman, Improvement Trust Board, Mysore, had submitted an estimate for Rs 28,484/- for realigning the road running in front of the Notified Talkies, Mysore

63) This estimate was scrutinised by the chief Engr for R&B. and corrected to Rs 28,134 sanction was accorded to the estimate for Rs 28,134/- as corrected by the chief Engineer — Vide go dt 6-6-47 flg V.

Vide para 4 of the note

64) The chairman of the Board has subsequently brought to the notice of govt that the originally estimate for Rs 28,484/- as ~~submitted~~ submitted by him was prepared on the basis of rates sanctioned by govt in go dt 26-4-47 and that as the works pertaining to the scheme had

flg Y

flg T

already been completed the estimate for Rs 28, 484/- need not be reduced to Rs 28, 134/- as sanctioned by the Chief Engineer and he therefore requested sanction to the estimate for Rs 28, 484/- as submitted by him

65) The chief Engineer for R&B who was consulted again in the matter, did not agree with the explanation given by the chairman for having given higher rates in respect of certain items of works He therefore suggested that there is no necessity to revise the G.O. Ms No 6-47 & to sanction the estimate for Rs 28, 484/- as prepared in the office of the chairman and that explanation of the officers concerned may be called for for the non observance of the usual rules required for the execution of works

Under Chief Engineers note
paras 46, 47 and 48 of the rules

flg 2 / 66) The report has been received from the chairman of the board explaining the reasons for having given higher rates was again referred to the chief Engineer for R&B for further remarks The chief Engineer for reasons stated in paras 59, 60 & 64 above is of opinion that there is no necessity to revise the G.O dt 16-6-47 sanctioning the estimate for Rs 28,134/- as against the estimate for Rs 28,484/- received from the chairman

flg V) 67) The difference between the amount of the sanctioned estimate & that of the estimate originally received from the chairman, is (~~only~~) Rs 350/- only. In the above circumstances, the following points are for orders.-

SIR,

I have the honour to forward herewith an estimate for Rs.28,484/- for re-aligning the road running in front of Motilal Talkies and for acquiring certain dilapidated properties in the area and re-aligning sites, sanctioned by the Board of Trustees at their Ordinary Meeting held on 30th July 1946 and to request that you will be so good as to obtain sanction of Government thereto

The Report accompanying explains the necessity for the work A copy of the Board's Resolution sanctioning the estimate is also enclosed for reference

The cost of the work will be within the expected realisation by sale of sites in the area, after formation But, to meet the initial cost of the work till formation of sites by acquiring properties in the area, an advance of Rs 25,000/- may kindly be sanctioned which will be repaid out of the realisation from sale of sites

With reference to your letter No D2 C 127/46-47 dated 18-4-46, ~~regarding~~ the ~~Govt~~ grant of an advance of Rs 25,000- to the Trust Board in connection with the above work, I am directed to point out that a sum of Rs 1,50,000- has already been sanctioned to the Trust Board, in connection with the Elgin Fountain Shanthi Road Scheme Circle (vide No L 34736 dt 11-12-45 & 2-11-47) Hitherto, nothing has been heard by the Trust Board as to how the advance

The second advance of Rs 1,63,464 sanctioned vide No L85-44/ML 24-46-32 dated 9-12-46, is likely to be paid to the Trust Board during the current month and it is unlikely that the entire advance would be spent before the close of the year

I am to enquire whether the advance amount of Rs 25000. now applied for, cannot be met out of the above advance amount, as it is not desirable to increase the advances, without satisfying that the previous advances have been actually spent on works for which they were intended and that their adjustment has been provided for in the Trust Board's Budget

---

With reference to Government Order No W 16965-8/Ml 38-46-123 dated the 16th June 1947 requesting to intimate whether the estimate for the above work as scrutinized by the Chief Engineer for Roads and Buildings for Rs 28,134/- may be sanctioned, I have the honour to state as follows

It is seen from the estimate as scrutinized in the Chief Engineer's Office that the rates proposed by this office have been reduced for the following items

Sl No	Name of work	Rates proposed by this office	Rate corrected in the C E 's Office	Approved rate by the Govt G O No L 15005-7/Ml 125-46-5 dated 28-4-47
1	Earthwork excavation in H G	0 8 0	0 4 6	0 8 0
2	E W carrying & filling the drain	0 8 0	0 4 6	0 8 0
3	Laying bed slabs 3" thick	0 10 0	0 7 0	0 10 0
4	Covering slabs 6" to 7" thick	1 4 0	0 12 0	1 2 0

All these works have already been completed and hence the estimate may kindly be sanctioned for Rs 28,484/-, in view of the fact that the rates as provided by this office in the estimate do not exceed those sanctioned by Government as noted above except for the last item for which the approved rate of Rs 1-2-0 may kindly be allowed

Docket Abstract

Estimate for Rs 28,484/ for realigning the road in front of Hotel Talkies in Mysore

Sir,

With reference to the correspondence ending with your letter No D 2 C 127/46 & 21-8-47 on the above subject, I am directed to ~~state~~ state as follows —

It is seen from the report accompanying the estimate that the work was contemplated in NW 1946 As the rates sanctioned in April 1947 had been provided for in the estimate, They were enacted to rates that were in force in NW 1946 & the work was started in NW 1946, there is no justification to pay higher rates to the contractor, sanctioned in April 47 The estimate has therefore been sanctioned on the basis of the Schedule in force during 1945-46 & 46-47. ~~and enacted to~~

It is also not clear why a work costing Rs 28,000/- and odd was

executed without competent sanction or
even approval to take up the work
in anticipation. At least, tenders
or quotations ought have been called
for for fixing up rates before taking
up the work or distributing the same
among piece workers

This is not a solitary case, but
there are quite a number of instances
where works costing lacs of thousands
were executed on your ~~office~~ the Board's

In the light of the above observations,
I am to request you kindly to obtain and
send the explanation of the
officers concerned for the non-observance
of the usual rules required for
the execution of works
on receipt of the above explanation the
question of according sanction to the estimate
will be considered

Sir,

Re:- Estimate for Rs 28,484/- for re-aligning the road in front of Motilal Talkies, Mysore

---

With reference to Revenue Secretary's letter No I 12906 dated 27th January 1948 and your D O reminder No L 10831 dated 23rd March 1949 on the above subject, I have the honour to reply as follows -

1 The work was started during November 1946 Rate lists for works in general (for forming sites, roads, road crossings etc) had been called for from several contractors during January 1947 and the lowest rates quoted by the contractors for several items of works have been worked out and placed before the Board for consideration The rates approved by the Board to be paid to the contractors have been noted in the statement enclosed to this office letter No D2 C 381/46-47 dated 9th March 1947 These rates have also been sanctioned by Government in their Order No L 15005-7/ III 125-46-5 dated 28th April 1947

2 The rates provided for by this office in the estimate for Rs 28,484/- for the above work are those actually quoted by the several contractors for other works at the time Hence these rates have been provided for in this estimate and they are not more than those sanctioned by the Government in their Order dated 28th April 1947 referred to above

3 Further in the consolidated estimate for Rs 28,484/- for the above works, the major portion viz , Rs 24,934/- pertains to the acquisition of properties The cost of actual works proper is only Rs 3,200/- As the work is already completed on piece work system, and the rates paid are those prevalent at the time of execution of work and have not exceeded those subsequently approved by the Government, except for "covering slabs 6" to 7" thick for which Rs 1-2-0 has been recommended in this office No D2 C 127/46-47 dated 1st July 1947, the action taken by this office in having passed the bill at the then prevalent rates may kindly be approved and the estimate sanctioned for Rs 28,484/- as submitted by this office, instead of for 28,134/- as actually sanctioned by the Government
